Life Underwriting

Mutual of Omaha appreciates your business and is committed to providing you with the tools that improve the underwriting process. You will find that in this easy to use reference guide, we have included valuable information including our requirements grid, build chart, paramed vendors and much more.

Underwriting Teams

Here at Mutual of Omaha, we have a very experienced and knowledgeable underwriting team. We review each case carefully to give your clients the best offer and look to see if any of our Fit underwriting credits apply. We also offer trial and quick quotes processes to give you an idea of our position on certain cases. Our team is here to help you place business. Give us a call directly with any questions you may have at 1-800-775-7896 or contact your underwriting team.

Underwriting Strengths

Medical

Tobacco

- Occasional cigar users (one per month or less) can qualify for Preferred Plus, Preferred & Standard Plus nontobacco rates if there is a negative urinalysis test
- Clients who occasionally use marijuana may qualify for standard nonsmoker rates
- Preferred tobacco class available

Family History

- Family history qualifications do not apply if the proposed insured is 60 or older for Preferred Plus, Preferred & Standard Plus classes
- Family history qualifications do not apply to gender specific cancers for opposite sex persons
- Family history qualifications apply only to deaths rather than disease
- Family history of deaths due to diabetes can qualify for Preferred Plus, Preferred and Standard Plus

Health Conditions

- Mild Asthma clients may be eligible for Preferred
- Mild Sleep Apnea may be eligible for Preferred with verified c-PAP usage
- Treatment for cholesterol or hypertension does not exclude a proposed insured from our Preferred Plus, Preferred or Standard Plus classes
- Unisex build charts
- Max Cholesterol level for Preferred classes is 300, ratios as follows:
 - Preferred Plus 4.5 Ages 18-55 (≤ 5.0 Ages 56 and above)
 - Preferred NT 5.5 Ages 18-55 (≤ 6.0 Ages 56 and above)
 - Standard Plus 7.0 Ages 18-55 (≤ 7.5 Ages 56 and above)
- Blood pressure control credit treated or untreated of 130/80 or better
- Paramed exams only through \$10 million up to age 65
- Preferred and Standard Plus build allows males an additional 10 lbs.

Non Medical

- Commercial pilots for regularly scheduled passenger airlines can qualify for all Preferred classes and private pilots can qualify for Preferred Plus, Preferred or Standard Plus classes with Aviation Exclusion Rider (AER)
- Certain private pilots may qualify for Preferred and Standard Plus risk classes: Ages 30-70, minimum 1,000 total hours of piloting experience and flying between 50-250 hours annually, IFR/ATP rating, no FAA violations within the past 5 years and must be a Standard aviation risk
- All Preferred classes may be available for occasional scuba diving if proposed insured is certified and dives less than 100 feet
- Age Last Birthday Advantage

Fit underwriting credit program – up to 2 table credits possible through age 75 and face amounts through \$5,000,000 (\$10,000,000 on GUL Survivor)

Completing Fully Underwritten Applications

One base policy per application.

- Use the precise plan name on the application and write in the amount of insurance applied for
- Select risk/rate class applied for
- Children's Rider Supplement Application – complete if applying for the Children's Rider
- Juvenile Life Insurance Supplemental Application – complete if Proposed Insured or Other Proposed Insured is age 15 days-17 years
- Complete the Monthly Bank Withdrawal form if applicable
- Attach cover letter or additional information, as needed
- All changes should be initialed by the Applicant/Owner
- Always submit the Producer Statement and always provide client with MIB Group Inc. Pre-Notice, Notice of Information Practices, Investigative Consumer Reports Notice, Summary of Rights, and Life Insurance Buyers Guide
- Always obtain signed MIB and HIPAA authorizations
- If face amount is \$100,000 and above – you will need a signed HIV consent form
- You will need a signed Accelerated Death Benefit Disclosure Form unless applying for GUL Survivor at any amount
- If face amount is \$1,000,000 and above, and the Proposed Insured is age 65 or over – you will need
 - (a) signed Statement of Policyowner Intent and,
 - (b) signed Premium Funding and Acknowledgement form
- DO NOT collect a check or electronic transaction authorization for initial premium if any of the 6 TIA questions are answered “yes.” DO NOT complete the TIA if initial payment won't be collected until issue
- **Have client sign state replacement forms (if applicable) and provide a copy to the client**
- If a Financial Institution would receive compensation for a sale, the Financial Institution Consumer Disclosure must be signed by the client
- If face amount is over \$5,000,000, an IRS 4506T-EZ form will need to be filled out and signed by the client

For additional information, please refer to the appropriate Application Submission Checklist.

The product and application used should be the one approved for the state where the application is being signed.

Note: If an application is taken on a Kansas resident, the producer must be licensed and appointed in Kansas and in the state where the application is signed.

Completing Simplified Applications

One base policy per application.

- Select the product name and write in the amount of the insurance applied for
- If applying for any rider offering Disability Benefits, complete the supplemental application
- If applying for the Children's Rider, complete the Supplemental application
- Complete the Monthly Bank Withdrawal form if applicable
- Attach cover letter or additional information, as needed
- All changes should be initialed by the Applicant/Owner
- Always submit the Producer Statement and always provide client with MIB Group Inc. Pre-Notice, Notice of Information Practices, and Life Insurance Buyers Guide
- Always obtain signed MIB and HIPAA authorizations
- Submit a signed Accelerated Death Benefit Form
- Complete Conditional Receipt Form. **If a check or electronic transaction authorization for the initial premium was not collected** at the time of application, do not complete this form
- **Have client sign state replacement forms (if applicable) and provide a copy to the client**
- If a Financial Institution would receive compensation for a sale, the Financial Institution Consumer Disclosure must be signed by the client

For additional information, please refer to the appropriate Application Submission Checklist.

Completing the Living Promise Application

- Complete the Proposed Insured and Owner (if applicable) sections
- Part One of the Underwriting section – If proposed insured answers “YES” to any questions in Part One, that person may not be eligible for any coverage under this application
- Part Two of the Underwriting section – If proposed insured answers “YES” to any questions in Part Two, that person is eligible only for the Graded Benefit Product
- If the proposed insured answers all underwriting questions “NO,” that person is eligible for the Level Benefit Product
- Plan Info – Select Plan, Accidental Death Benefit Rider (if applicable), Payment Mode and Amount
- Always obtain signed MIB and HIPAA authorizations
- Complete Conditional Receipt Form. **If a check or electronic transaction authorization for the initial premium was collected** at the time of application, otherwise do not complete this form
- **Have client sign state replacement forms (if applicable)**
- Leave all required forms with the client

Note: If your client answers yes to any of the health questions but you would like to explain further or you have additional information such as current medications and reason for use, you may include that information in the Optional Comments section of the application. Any additional information available will increase the speed of application processing.

Completing Children's Whole Life Applications

- Multiple children can be written on one application
- Each child will be issued a separate policy
- Grandparents can sign application without parent signature (except in PA)
- Attach cover letter or additional information, as needed
- No conditional receipt is required
- **Have client sign state replacement forms (if applicable) and provide a copy to the client**

Producer Report

This report will need to be completed and sent in with each application.

The product and application used should be the one approved for the state where the application is being signed.

Note: If an application is taken on a Kansas resident, the producer must be licensed and appointed in Kansas and in the state where the application is signed.

This section not applicable for CWL.

Conditional Receipt

(Applies to United Express Products and all Companion Products)

- A check or electronic transaction authorization for the full initial modal premium must be submitted with the application
(**Note:** initial draft via the client's bank account is available only for monthly mode)

No Conditional Coverage is provided:

If a completed Conditional Receipt is not submitted with the application.

A Receipt is furnished in connection with an application for insurance on the proposed insured(s) bearing the same date as the Receipt. Insurance under the Receipt will become effective on the Effective Date defined below, but only if **all** conditions below have been completely met:

- (1) The amount received via check, credit card, or Bank Service Plan (BSP) with the application is sufficient to pay: (a) the first premium of a fixed premium plan at the mode applied for; or (b) the first planned periodic premium on a flexible premium plan; and
- (2) All required medical examinations must be completed within 60 days from the date of the application; and
- (3) Each person proposed for insurance is, as of the application date, eligible for the exact policy applied for, according to our underwriting standards of United/Companion then in effect, without modification of the plan, premium rate, benefits, class and amounts of coverage applied for; and

- (4) To the best knowledge and belief of those signing the application, all the statements and answers in the application are true and complete when made; and
- (5) All parts of the application, and if required, exams, supplements to the application, questionnaires and amendments to the application, are completed and received by the home office.

The amount of conditional insurance coverage provided under this Receipt, if any, shall not exceed \$100,000* and shall also not exceed the death benefit applied for. If the application is not approved and accepted within 60 days of the Effective Date of this Receipt, conditional insurance coverage will cease. In that case, our liability will be limited to the return of the premium paid. We have the right to terminate conditional insurance coverage at any time prior to the expiration of 60 days of the Effective Date of this Receipt by mailing a refund of the premium paid.

*\$500,000 in New York for fully underwritten \$40,000 for Living Promise

(This Section does not apply to CWL)

Temporary Life Insurance Agreement (TIA)

(Applies to United Term & UL Fully Underwritten Products)

TIA Eligibility Requirements:

- A check, credit card, or Bank Service Plan (BSP) authorization for the full initial modal premium must be submitted with the application
(**Note:** initial draft via the client's bank account is available only for monthly premium mode)
- All 6 TIA eligibility questions must be answered "no." If an eligibility question is answered "yes," do not collect a check from the client. The TIA does not need to be submitted, but the electronic transaction authorization may still be submitted
- Maximum Face Amount eligible for coverage is \$1,000,000. TIA's are not allowed on any face amount over \$1,000,000*

*Maximum Benefit Amount is \$1,000,000

No Temporary Insurance is provided:

- If a completed TIA is not submitted with the application
- If a TIA eligibility question is answered "yes"

Temporary life insurance and any coverage provided hereunder will **END** on the earliest of the following dates:

- (1) 90 days from the date of this Agreement; or
- (2) the date we deliver the policy applied for to the applicant/owner and all delivery requirements have been completed; or
- (3) the date we mail you a letter notifying you that we: (a) are unable to approve the requested coverage at a standard risk class; or (b) have declined to issue you a policy; or (c) will not provide temporary insurance coverage; or
- (4) the date the applicant/owner withdraws the application for insurance.

– If the policy applied for is either

- (a) pursuant to a conversion privilege in (an) existing United life policy(ies), or
- (b) to replace (an) existing United life policy(ies) with another United life policy, then in the event of the death of the Proposed Insured before the termination of this Agreement, United will pay only the greater of:
 - (1) the benefits due under the terms of the existing policy(ies) which is/are being converted or replaced, or
 - (2) the benefits due under the terms of this Agreement. The Applicant acknowledges and agrees that benefits shall not be payable under both, C.(1) and C.(2) above.

The temporary life insurance provided by this Agreement is subject to the provisions of the policy form applied for; however, no benefits will be paid for:

- (1) disability; or
- (2) death from suicide while sane or insane (in Missouri, only if suicide was intended at the time of this application and we can prove it was intended); or
- (3) the same loss under both this Agreement and any life policy issued from the application.

Maximum Autobind and Retention Limits

Ratings & Flat Extras		Ages 0-80	Ages 81-85
Standard through Table 6 and Flat Extras through \$15/Thousand	Maximum Autobind	\$30,000,000	\$3,000,000 Standard Only
	Retention	\$5,000,000	\$500,000
Table 7+ and Flat Extras over \$15/Thousand	Maximum Autobind	\$15,000,000	Fac Only
	Retention	\$2,500,000	N/A

Jumbo Limits

Up to Age	Total Amounts In Force and Applied For Including Any Replacements
80	\$65,000,000
81-85	\$25,000,000

Testing of Proposed Insured

Telephone Interview

Your client may be contacted for a confidential telephone interview to complete the application process. This call should last approximately 30 minutes. It is important to note that the telephone dialogue between your client and the phone representative will be tape recorded and relied upon as part of our risk analysis. As a result, it's important that your client be prepared to answer questions as accurately as possible.

Paramedical Appointment

A paramedical exam may be required depending on the face amount applied for and the age of your client. There is no cost to the client for this examination and it can take place in their home or place of employment. The Exam includes:

- Height and Weight
- Blood Pressure and Pulse
- Urine and blood samples may also be needed
- Depending on the client's age and amount of life insurance applied for, an electrocardiogram (EKG) may be required.

Prior to the Paramedical Appointment have your Client:

- Get a good night's sleep
- Avoid drinking alcoholic beverages for at least 8 hours
- Do not smoke or drink coffee for a least 1 hour before the appointment
- Drink a glass of water 2 hours prior
- Try not to eat any food 2 hours prior. If at all possible, fast for 12 hours
- Advise the paramedic of any medication(s) being taken
- Skip heavy exercise on the day of exam
- Wear comfortable, loose fitting clothes

Attending Physician's Statement

The Attending Physician's Statement (APS) is a vital source of information on which to base underwriting decisions. You have the option to order APS's for your clients, we just ask that you notify us the APS has been ordered when you submit the application. If an APS has not been ordered, an underwriter will order the APS for you. If you do not notify us with the application that you have ordered the APS and we order a duplicate order, we will not reimburse you the cost. In addition, if Mutual of Omaha has ordered the APS, please do not send a duplicate request to the doctor or hospital as it will delay the process.

If you choose to order the APS on your client instead of Mutual of Omaha, we will reimburse you the usual and customary cost of the APS provided we have received the application to correspond with the APS order. If you order the APS and have submitted the application to multiple carriers, we ask that you only send in for reimbursement if you place the case with Mutual of Omaha.

APS Guidelines

1. An APS should be ordered for cause in all cases with significant medical history such as Cancer, CAD, Diabetes, other potentially rateable or uninsurable impairments or major medical testing as outlined below. The APS Age and Amount criteria is shown in our Underwriting Requirements chart on pages 22-23.
2. The following exceptions can generally be made to the age and amount criteria if an exam was done as part of a:
 - (a) Work Physical
 - (b) Routine GYN Exam
 - (c) Aviation Exam
 - (d) DOT Exam, etc.
 - (e) Eye Exam
3. If an APS is not available on someone over age 65, the application file will be reviewed on a case by case basis and coverage may be limited or unavailable.
4. An APS may not be needed for a health history of treated hypertension or treated cholesterol if the insured:
 - Qualifies for a Preferred Plus through Standard risk class
 - Is age 65 and under
 - Has a face amount \$2,000,000 or less
 - The amount in force and applied for does not exceed \$2,000,000

Some of the more common impairments that always require an APS are listed below:

- Abnormal heart rhythm
- Alcohol or Drug treatment history
- Amyotrophic Lateral Sclerosis (ALS, Lou Gehrig's Disease)
- Bipolar, schizophrenia, major depression
- Cardiomyopathy
- Cerebral Palsy
- Congestive heart failure (CHF)
- Crohn's disease/Ulcerative Colitis
- Coronary disease including heart attack or heart surgery
- COPD including Chronic Bronchitis or Emphysema
- Cystic Fibrosis
- Cancer
- Collagen Vascular disease including Lupus
- Diabetes
- Heart valve disease or surgery
- Hepatitis B or C
- Hodgkin's or Non Hodgkin's Lymphoma
- Liver disease including Cirrhosis
- Mental Incapacity
- Neurological disorders including Muscular Dystrophy, Multiple Sclerosis and Parkinson's disease
- Paralysis
- Organ transplants
- Peripheral vascular disease (PVD or PAD)
- Polycystic kidney disease
- Renal Insufficiency/failure
- Rheumatoid disorders including rheumatoid arthritis
- Seizure disorders
- Sleep Apnea
- Stroke or mini stroke (TIA)
- Suicide attempt

Note: This is a guide and not an all-inclusive list. The specifics of an individual case may warrant an APS to determine the appropriate risk classification.

Inspection Reports

Inspection reports are required for face amounts of \$5,000,001 and above for ages 18 and above.

Motor Vehicle Records

Motor vehicle records are required as shown below:

Ages	Face Amounts
18-45	\$100,000 and over
46-70	\$1,000,001 and over
71 and Over	\$500,000 and over

Financial Underwriting Guidelines

Income Replacement

Ages	\$25,000 or higher annual earned income
20 to 40	25X
41 to 50	20X
51 to 55	15X
56 to 65	10X
66 up	7X*

Larger amounts may be considered on an individual case basis for special needs situations with supporting documentation of financial need. A spouse working full or part time to supplement their household income can qualify for a similar amount as a non-working spouse depending on the circumstances.

*Income replacement is generally not considered for those over age 66 unless an individual is actively at work.

Estate Conservation

The personal net worth of an individual or family is used as the basis for a calculation of an approximate estate tax liability and related expenses. Generally the net worth can be expected to increase over a period of years, so it is common practice to project that growth over a period of years at a selected rate of interest. A growth rate of 6 percent is most commonly recommended although different rates can occasionally be used if appropriate. At older ages or impaired risks, a lower rate is usually used. The appropriate amount of coverage is typically 50 percent of the projected estate.

Ages	Years
Up to 55	20
56-70	15
71 Up	Up to 50% of the Estate Value*

***Standard or better risk classes. Requests in excess of 50 percent will be considered individually on a case by case basis in view of changes in the tax code 1-1-11 which now provides exemptions exceeding \$5,000,000 at this time.**

Non-Working Spouse

Will generally consider for an amount equal to the amount in force and applied for on the breadwinner depending on the circumstances of the case up to a maximum of \$1,000,000 unless there is also an estate tax need. Additional insurance can be considered with cover memo or other documentation outlining any special needs.

Business Insurance

A business insurance questionnaire (BIQ) should be submitted on all business cases, and a well constructed cover letter explaining the purpose of coverage and how the face amount was determined is very helpful. Copies of company financial statements and buy/sell agreements may be necessary to help value a business to determine the appropriate amounts of coverage on each owner for business continuation cases.

Key Person

Generally 5-10X earned income plus bonuses if paid regularly as part of a company bonus plan. If key person has an ownership interest in the company, the appropriate percentage of company net income can be added to his income. Some states such as New York have specific requirements to qualify as a key person.

Creditor Insurance

Generally up to a maximum of 75 percent of a secured loan unless agreement has a loan provision calling the loan due upon the death of owner/key person.

Buy/Sell

Coverage should usually be applied for or in force on all major active partners. A business insurance questionnaire should be fully completed in all cases unless a detailed cover letter and company financial statements are submitted with the application. Each partner's ownership percentage should be included and coverage should be proportional to the ownership interest.

Company financial statements and copies of a buy/sell agreement are sometimes necessary to help establish a reasonable market valuation for the company and may be ordered at the underwriter's discretion.

Charitable Giving

Life insurance is purchased in favor of a charity or an institution to replace the potential value of future contributions by the donor or purely as a gift. Most situations are reasonable and financially acceptable, but the insurable risk of loss to the institution should be closely related to the potential loss suffered by the charity and the donor's personal insurance needs should be already taken care of.

In order to establish insurable interest the underwriter will request evidence of a past and present affiliation with the institution showing an established pattern of giving or a pledge of future donations which may be outlined in a letter of agreement between the donor and the charity. Our preference is that the insured is the owner of the contract unless it's a part of a tax advantaged planning situation and face amounts should normally be limited to around 10 times the annual contribution.

If the policy is to be owned by the foundation or charity, letter of agreement between the institution and the applicant must be provided outlining the terms of the arrangement and the tax status of the charity or foundation. We will not participate in any arrangements where the source of the premium is a third party with no real ties to the insured or owner.

Fully Underwritten Guidelines for Juvenile Life Insurance

(Not available in Washington)

For life insurance purposes, applicants are considered to be juveniles between the ages of 15 days and 17 years old.

Life Insurance Face Amounts

- Generally, the maximum Face Amount is \$100,000. The Face Amount should not exceed 50 percent of the coverage carried on the parent with the least amount of life insurance in-force. Any amount exceeding 50 percent of the lesser insured parent must include a cover letter with an explanation of the need for Underwriting consideration of the higher amount.

Ownership/Beneficiary

- Owner and Beneficiary must be parent or grandparent. Other relatives and friends are considered to have no insurable interest. If a grandparent applies as owner and the child does not reside in the same household as the grandparent, a parent must sign the application on the "signature of parent" line authorizing the purchase and attesting to answers to the application questions.
- A legal guardian can be considered as owner and/or beneficiary. Details should be provided in a cover letter along with copies of guardianship documentation.

Household life insurance coverage

- All children should be equally insured, include a cover memo advising coverage amount on all family members
- The parent(s) must be insured

Risk class

- The Proposed Insured must be a Standard Risk (No Impaired Risk)

Face amounts greater than \$100,000

While we do not normally offer coverage over \$100,000 to juveniles, we will consider if the following criteria are met in addition to the above guidelines:

- APS is required in ALL cases
- A Cover Letter explaining the rationale of the need for \$100,000 or higher face amounts
- Maximum Face Amount \$250,000

Underwriting Limits on Juvenile Life Applications written in New York

1. Minors between age 4 years 6 months and 14 years 6 months.
Where the applicant provides support, coverage is limited to the greater of \$50,000 or ½ (50 percent) of the amount carried by the applicant including in force coverage on the minor.
2. Minors less than age 4 years 6 months.
Where the applicant provides support, coverage is limited to the greater of \$50,000 or ¼ (25 percent) of the amount carried by the Applicant including the in force coverage on the minor.
3. If the applicant does not provide support for the minor less than age 14 years 6 months, the \$100,000 guidelines would apply.

Note: Coverage applied for in excess of \$100,000 will require an APS.

Initial Underwriting Requirements – Fully Underwritten

UNDERWRITING REQUIREMENTS ARE GOOD FOR UP TO ONE YEAR THROUGH AGE 65 WITH A FULLY COMPLETED APPLICATION PART 2 OR GOOD HEALTH STATEMENT. OVER AGE 65, UNDERWRITING REQUIREMENTS ARE GOOD FOR UP TO SIX MONTHS. FOR GULS, USE 1/2 THE FACE AMOUNT TO DETERMINE UNDERWRITING REQUIREMENTS.

*APS required on juveniles over \$100,000

PREFERRED PLUS Underwriting Criteria

NICOTINE Tobacco	No nicotine x 36 months Occasional cigar, nontobacco available with negative HOS ¹
FAMILY HISTORY (Does not apply if age 60 and older.)	No death of a parent or sibling prior to age 60 due to Cancer or Heart Disease
BLOOD PRESSURE	Treatment allowed with good control Ages 18-55 Avg BP ≤135/85; Ages 56 and above ≤140/85
CHOLESTEROL Averaged 3 cholesterols over past 12 months. If available*	Cholesterol ratio <4.5 Ages 18-55. (<5.0 above Age 55.) Treatment allowed
ALCOHOL & DRUG	Allowed after 15 years
MEDICAL HISTORY	No history of CAD, DM or Cancer (Basal Cell skin cancer and superficial squamous cell allowed)
DRIVING RECORD	No convictions for DWI, DUI or reckless driving within the last five (5) years and no more than two (2) moving violations within the last three (3) years
AVOCATION²	No participation in any hazardous occupation, avocation or sport in the last five (5) years
AVIATION³	No flying as a private pilot or crewmember unless aviation exclusion
CRIMINAL RECORD	No felony convictions in the past 10 years
BUILD	No exception
PROFILE & HOS	If all preferred plus criteria are met and the laboratory values do not warrant any debits, Preferred Plus is allowed

*Total cholesterol cannot exceed 300.

¹An occasional celebratory cigar is no more than 12 cigars per year.

²Limited scuba diving as a part of vacation or other occasional occurrence is acceptable if depth of dive does not exceed 100 feet.

³Some types of commercial aviation may be acceptable based on manual guidelines.

In addition to the criteria above, there must not be any other significant health problems. Final risk determination will be made by the United of Omaha Life Insurance Company home office underwriter.

PREFERRED Underwriting Criteria

NICOTINE Tobacco	No nicotine x 24 months Occasional cigar, nontobacco available with negative HOS ¹ (Note: Preferred Tobacco is an available class)
FAMILY HISTORY (Does not apply if age 60 and older.)	No death of a parent prior to age 60 due to Cancer or Heart Disease With good risk factors and negative cardiac work up appropriate for age group, one cardiac death allowed
BLOOD PRESSURE	Treatment allowed with good control Ages 18-55 Avg BP ≤145/90; Ages 56 and above ≤150/90
CHOLESTEROL Averaged 3 cholesterols over past 12 months. If available*	Cholesterol ratio <5.5 Ages 18-55. (<6.0 above Age 55.) Treatment allowed
ALCOHOL & DRUG	Allowed after 10 years
MEDICAL HISTORY	No history of CAD, DM or Cancer (Basal Cell skin cancer and superficial squamous cell allowed)
DRIVING RECORD	No convictions for DWI, DUI or reckless driving within the last five (5) years and no more than two (2) moving violations within the last three (3) years
AVOCATION²	No hazardous activities within the past 2 years
AVIATION^{3,4}	No flying as a private pilot or crewmember unless aviation exclusion
CRIMINAL RECORD	No felony convictions in the past 10 years
BUILD	If male, up to 10 lbs allowed if all other criteria are met
PROFILE & HOS	If all preferred criteria are met and the laboratory values do not warrant any debits, Preferred is allowed

*Total cholesterol cannot exceed 300.

¹An occasional celebratory cigar is no more than 12 cigars per year.

²Limited scuba diving as a part of vacation or other occasional occurrence is acceptable if depth of dive does not exceed 100 feet.

³Some types of commercial aviation may be acceptable based on manual guidelines.

⁴Certain private pilots may qualify for Preferred and Standard Plus risk classes: Ages 30-70, minimum 1,000 total hours of piloting experience and flying between 50-250 hour annually, IFR/ATP rating, no FAA violations within the past 5 years and must be a Standard aviation risk.

In addition to the criteria above, there must not be any other significant health problems. Final risk determination will be made by the United of Omaha Life Insurance Company home office underwriter.

STANDARD PLUS Underwriting Criteria

NICOTINE Tobacco	No nicotine x 12 months Occasional cigar, nontobacco available with negative HOS ¹
FAMILY HISTORY (Does not apply if age 60 and older.)	One death of a parent prior to age 60 due to Heart Disease
BLOOD PRESSURE	Treatment allowed with good control Ages 18-55 Avg BP \leq 152/90; Ages 56 and above \leq 156/92
CHOLESTEROL Averaged 3 cholesterols over past 12 months. If available*	Cholesterol ratio $<$ 7.0 Ages 18-55. ($<$ 7.5 above Age 55.) Treatment allowed
ALCOHOL & DRUG	Allowed after 5 years
MEDICAL HISTORY	No history of CAD, DM or Cancer (Basal Cell skin cancer and superficial squamous cell allowed)
DRIVING RECORD	No convictions for DWI, DUI or reckless driving within the last five (5) years and no more than three (3) moving violations within the last three (3) years
AVOCATION²	Flat extras are allowed
AVIATION^{3,4}	No flying as a private pilot or crewmember unless aviation exclusion (IFR private pilots allowed if standard)
CRIMINAL RECORD	No felony convictions in the past 10 years
BUILD	If male, up to 10 pounds allowed if all other criteria are met
PROFILE & HOS	If all Standard Plus criteria are met and the laboratory values do not warrant any debits, Standard Plus is allowed

*Total cholesterol cannot exceed 300.

¹An occasional celebratory cigar is no more than 12 cigars per year.

²Limited scuba diving as a part of vacation or other occasional occurrence is acceptable if depth of dive does not exceed 100 feet.

³Some types of commercial aviation may be acceptable based on manual guidelines.

⁴Certain private pilots may qualify for Preferred and Standard Plus risk classes: Ages 30-70, minimum 1,000 total hours of piloting experience and flying between 50-250 hour annually, IFR/ATP rating, no FAA violations within the past 5 years and must be a Standard aviation risk.

In addition to the criteria above, there must not be any other significant health problems. Final risk determination will be made by the United of Omaha Life Insurance Company home office underwriter.

Express Impairments TLE, GULE

Multiple Impairments resulting in a rating greater than Table 4 will be declined for our Express products. Below are some examples of multiple impairments that would result in a decline.

Multiple Impairments	Offer
Diabetes Examples	
Diabetes > age 50 with Table 2 or higher build	Decline
Diabetes > age 50 with tobacco risk	Decline
Diabetes > age 50 with Peripheral Vascular Disease (PVD)	Decline
Table 2 Build Chart Examples Refer to pages 24 & 25 for the Table 2 Build Chart	
Table 2 or higher build with rateable hypertension	Decline
Table 2 or higher build with asthma and tobacco risk	Decline
Table 2 or higher build with Peripheral Vascular Disease (PVD)	Decline

Note: This is not a complete list. Please refer to pages 36-47 for additional impairments.

The following single impairments are automatic declines.

Automatic Declined Impairments	
Amputation caused by disease	Decline
Alcohol/Drug abuse and Major Depression	Decline
Chronic or Alcohol related Pancreatitis	Decline
Chronic Severe Asthma	Decline
Hodgkin's Disease	Decline
Moderate/Severe rheumatoid arthritis treated with Humira, Enbrel or Methotrexate	Decline
Muscular Dystrophy	Decline
Sickle Cell Anemia	Decline

Note: This is not a complete list. Please refer to pages 30-39 for additional impairments.

We reserve the right to decline certain hazardous occupations for both life and the DI rider.

WHOLE LIFE Underwriting Criteria

Living Promise Whole Life

- Build Chart
- MIB
- Pharmaceutical
- Random phone interview

Children's Whole Life

- Simplified Underwriting
- Health Questions on application

(Subject to combined maximum amount of \$30,000 of Children's Whole life coverage)

Note: If an individual has a previous offer from United of Omaha or Companion Life Insurance Company with a risk class greater than Table 4 or has been declined, they will not qualify for Children's Whole Life plans.

Impairments

A

Acromegaly	Table 4 – 8
Addison’s Disease	Standard – Table 3
ADHD/ADD	Standard – Table 2
Alcohol	
Current excessive use	Decline
Alcoholism treatment, no current use, postponed 2 years	Standard – Table 8
Alzheimer’s Disease	Decline
Anemia	
Aplastic Anemia	Standard – Decline
Sickle Cell	Decline
Sickle Cell Trait	Standard
Aortic Aneurysm	
Unoperated	Table 6 to Decline
Surgery, stable 6 months	Table 2 – 6
Angina Pectoris	
Angina	Table 2 – 8
Unstable Angina, under age 40	Decline
Stable Angina, over age 40 (dependent on age and cath. report)	Table 4 – 8
Angioedema	Standard – Table 2
Ankylosing Spondylitis	Standard – Table 4
Anorexia Nervosa	
Current	Decline
Full recovery, stable > 4 years	Standard – Table 2
Anxiety Disorders	
Mild or well-controlled	Standard
Others	Standard – Table 4
Aortic Murmurs/Insufficiency	Standard – Table 8
Arrhythmias	
Atrial Fibrillation	Standard – Decline
Atrial Flutter	Standard – Decline
Infrequent PVC(s)	Standard
Multiple PVC(s)	Standard – Table 8
Arteriosclerosis Obliterans	Table 4 – Decline
Arteriovenous (AV) Malformations	
Cerebral unoperated	Decline
Surgery, stable 6 months	Table 4 – 8
Arthritis	
Osteoarthritis	Standard

Fit program may apply.

These are general ranges for best case scenarios and final offers are dependent upon the merits of the case.

For producer use only.

Not for use with the general public.

Asbestosis

Mild degree of respiratory impairment	Standard – Table 4
Severe impairment	Decline

Ascites

Decline

Asthma

Mild intermittent	Standard
Persistent, depends on severity	Table 2 – Decline

Atrial Fibrillation

Standard – Decline

Atrial Flutter

Standard – Decline

Atrial Septal Defect

No surgery	Standard – Decline
No residuals 6 months after surgery	Standard

Atrioventricular Block

1st degree – 2nd degree	Standard – Table 2
3rd degree – complete	Table 2 – Decline

B

Bacterial Endocarditis

Normal heart & valves, recovered after 1 year	Table 2 – 4
---	-------------

Barlow’s Syndrome

Standard – Table 3

Basal Cell Carcinoma

Maximum 4 excisions, complete resolution	Standard
--	----------

Bells Palsy

Recovered	Standard
-----------------	----------

Benign Prostatic Hypertrophy

Normal PSA levels & urinalysis	Standard
--------------------------------------	----------

Berger’s Disease (IgA Nephropathy)

Table 2 – 8

Bicuspid Aortic Valve

Standard – Table 8

Bigeminy

Standard – Table 8

Bi-Polar Disorder

Stable	Table 2 – 8
--------------	-------------

Blood Pressure

Controlled with medication	Standard
----------------------------------	----------

Bright’s Disease

Acute full recovery	Standard – Table 2
Chronic good renal function	Standard – Table 8
Chronic poor renal function	Decline

Bronchiectasis

Mild – moderate, no surgery	Standard – Table 6
Severe – extreme, no surgery	Table 8 – Decline

Bronchitis

Chronic mild – moderate	Standard – Table 3
Severe	Table 4 – Decline

Buerger’s Disease

Non smoker, no surgery or other impairments	Standard – Table 4
---	--------------------

Fit program may apply.

Impairments, continued

Bundle Branch Blocks (EKG)	
Hemiblock	Standard
Right	Standard – Table 4
Left, more than 1 year from onset	Table 4
C	
Cancer	
Most malignancies, postponed 2 – 5 years	Indiv. Consideration
Chronic Heart Failure	Decline
Cardiac Pacemaker (Artificial)	Standard – Decline
Cardiomyopathy	Table 4 – Decline
Carotid Bruits	
Asymptomatic & no other related history	Standard – Table 2
Celiac Disease	
Controlled with diet	Standard – Table 4
Cerebral Embolism/Thrombosis	
Single episode, no complications, stable 1 year	Table 2 – Table 8
Multiple episodes	Decline
Cerebral Palsy	
Mild – moderate	Standard – Table 3
Severe	Decline
Cerebrovascular Accident	
Single episode, no complications, stable 1 year	Standard – Table 8
Multiple episodes	Decline
Charcot Marie – Tooth Disease	Standard – Decline
Chest Pain	
Non-cardiac	Standard
Cardiac	Indiv. Consideration
Cholangitis, Cholecystitis, Cholelithiasis	
Recovered	Standard
Christmas Disease (Factor IX Deficiency)	Table 2 – 8
Chronic Obstructive Pulmonary Disease (COPD)	Standard – Table 8
Cirrhosis	
Confirmed diagnosis	Decline
Cocaine	
No current use, postponed 3 years then	Standard to Table 8
Colitis (Ulcerative)	
Controlled with medication	Table 2 – 8
Colon Polyps	
Benign	Standard
Malignant	Indiv. Consideration
Congestive Heart Failure (Chronic)	Decline

Convulsions	Table 2 – 8
Cor Pulmonale	
Chronic	Decline
Costochondritis	Standard
Crohn’s Disease	Standard – Table 8
Cushing’s Syndrome	
Controlled with medication	Standard – Table 4
Cystic Fibrosis	Decline
Cystitis	
Recovered	Standard
D	
Dementia	Decline
Depression	
Controlled with medication	Standard – Table 3
Diabetes	
Type I, over age 20	Table 2 – 8
Type II, over age 20	Standard – Table 8
Dialysis	
Renal failure	Decline
Diverticulitis/Diverticulosis	Standard – Table 3
Down’s Syndrome	Decline
Drug Addiction	
Postponed 3 years then	Standard – Table 8
Duodenal Ulcer	
No Bleeding	Standard
E	
Eclampsia	
Recovered	Standard
Emphysema	Standard – Table 8
Encephalitis	
Recovered	Standard
Others	Decline
Endocarditis	
Normal heart & valves	Table 2
Structurally abnormal heart	Table 2 – Decline
Epilepsy	Table 2 – 8
Erythema Nodosum	
Recovered	Standard
F	
Fibrocystic Breast Disease	
Benign	Standard

Trivial or slight, without surgery Standard to Table 4

3 months since surgery Standard

With complications Decline

W

Wolff-Parkinson-White (WPW)

No complications Standard

X

Xeroderma Pigmentosum Usually Decline

**These are general ranges for best case scenarios and final offers
are dependent upon the merits of the case.**

**For producer use only.
Not for use with the general public.**

Occupations

As you are completing the application, please make sure to list all the occupations on the application. The most hazardous occupation your client has will determine the rate classification. If your client does have a hazardous occupation such as scuba diving or aviation, please make sure you complete and sign the avocation questions and submit it with your application.

Note: This is a guide. Actual rates may change subject to specifics of an individual case.

Fit Guidelines

- Term Life Answers
- AccumUL Plus
- AccumUL Answers
- GUL
- GUL Plus
- GUL Survivor

Here's where the program fits:

- Ages: 18-75
- Minimum face amount: \$100,000
- Maximum face amount: \$5,000,000* (total coverage in force and applied for with United of Omaha and Companion Life Insurance Company)
- * (Maximum face amount \$10,000,000 GUL Survivor)
- Nontobacco users
- Base rating *after* normal credits of table 4 or less
- Does not apply to “flat extra” ratings or those with current rateable substance abuse histories, CAD prior to age 50, stroke or rateable cancers or Type 1 diabetes

Here's where the credit ratings fit in

If your clients have several of the following characteristics, they may qualify for up to *an additional two table credit* from the base rating on both fully underwritten term and permanent insurance.**

Note: No more than two lifestyle characteristics can be applied toward credits

Medical

- Great family history – no deaths of parents or siblings from any disease prior to age 70
- Cholesterol/HDL ratio <5.0
- Alc test <5.7
- Serum albumin >4.2 ages 61-75
- Negative cardiac testing: GXT, non-imaged or imaged (stress echo, perfusion study), echocardiogram, EBCT or angiography within the past two years
- GXT exercise performance >10 METS within the past two years
- Optimal blood pressure control-treated or untreated average of 135/85 or better
- Preferred or better build, ages 18-60, Standard Plus or better build, age 61-75
- BNP <100 ages 61-75
- Normal CBC ages 61-75

Lifestyle

- Regular preventative medical care and compliant follow-up for treated impairments within the past 12 months
- No Tobacco in past 10 years
- Income >\$100,000, or net worth >\$1,000,000
- Preferred or better driving record

Three of the above characteristics equals 1 table credit.

Five of the above characteristics equals 2 table credits.

**Best case final assessment available is Standard. (Table 3 (C) can only be reduced to Table 1 (A) rather than Standard.)

Non-Smoker/Non-Nicotine Qualifications

In order to qualify for non-nicotine rates, the proposed insured must not have used tobacco or nicotine products in any form (gum, patches, cigar, etc.) within one year prior to the application. We allow up to 12 cigars per year to qualify for nontobacco rates with a negative urinalysis test. The best class for tobacco usage is Preferred Tobacco.

Statement of Policyowner Intent

Required for all applications where the proposed insured for life insurance is age 65 and above and the proposed face amount is \$1,000,000 and above.

United of Omaha Life Insurance Company/Companion Life Insurance Company does not issue insurance policies unsupported by an insurable interest, including any policies involved or contemplated to be involved in stranger originated life insurance (STOLI) transactions. **STOLI is the practice or plan to initiate a life insurance policy for the benefit of a third party, who at the time of the policy origination, has no insurable interest in the insured.**

We require that the Statement of Policyowner Intent form be completed on all cases that meet these requirements. If any of the questions on this form are answered “Yes,” provide an explanation in the space provided on the form.

Premium Funding and Acknowledgement

We will screen for and reject any stranger originated life insurance (STOLI) policies, or policies using non-recourse premium financing. We will consider policies funded by traditional premium financing programs:

- The loan must be 100% collateralized by personal or business assets of the borrower
- If the life insurance policy is part of the collateral, only the cash surrender value of the policy may be considered
- We must be provided with full details regarding all aspects of the premium financing program
- We reserve the right to refuse to issue the policy, based on our assessment of the premium financing structure.

Reinsurance

Mutual of Omaha has very good relationships with the reinsurers and will work very hard to place your larger cases. Send us your large cases and we will work with the reinsurer to get your cases placed. However, we do require a signed application and it must be received in our home office before we can assess the case.

Trials/Inquiries

Trial Applications

- Face Amounts: \$1,000,000 and above for Universal Life or a minimum premium of \$25,000. \$2,000,000 or above for Term Life or a minimum premium of \$10,000
- Other qualifying criteria:
 - No previous decline within the last 12 months.
 - Maximum age is 85 for UL.
 - For ages over 80 only standard offers will be considered.
 - SPIA and Life requests on the same client will not be considered.
- Information that **must** be included:
 - Applicant name, date of birth, product type and face amount applied for.
 - Brief description of any health issues.
 - Premium tolerance.
 - Rating you are looking for.
- Additional financial information to **expedite processing**:
 - Provide details on other in-force coverage that will be replaced.
 - Identify if this is a 1035 exchange
 - Include competitor offers.

Trial applications should be submitted with all paperwork necessary to receive our best tentative offer. Additional information submitted on trial applications will not be reviewed. If a formal application is submitted additional information will be reviewed at that time.

Quick Quote Parameters

Cases outside the following parameters may be submitted as a trial if they meet trial parameters:

- Face Amounts: **Through \$5,000,000**
- Age Limitations: **Through age 75**
- Do not send any attachments
- Limit information to 2 paragraphs (12 to 20 lines of information)

To expedite quick processing

- **Do not include identifying information** (i.e., name, Social Security number, etc.)
- Use **Preferred Criteria Chart** and Build Chart for potential coverage rate
- Quick Quote is not recommended for clients who experience onset of coronary artery disease in their 30s

Term Conversion Guidelines

Products Available for Term Conversions:

- Clients can convert to available permanent life insurance products offered at time of conversion within face amount, issue age, and risk class guidelines for the permanent product. Exceptions are noted below:
- Certain permanent products are not available for term conversions: Children's Whole Life, GUL Survivor

If a Term policy is eligible for conversion, it will be converted into a new policy at the insured's current attained age.

- We are unable to convert term coverage into an existing Universal Life policy

Term Life Answers (Fully Underwritten)	
Product	Minimum Face Amount
GUL/GUL Plus	\$100,000*
GUL Express	\$50,000
AccumUL Plus/AccumUL Answers	\$25,000
Whole Life Express	\$5,000
Living Promise	\$2,000
Term Life Express (Simplified Issue)	
Product	Minimum Face Amount
GUL Express	\$50,000
Whole Life Express	\$5,000
Living Promise	\$2,000

*\$50,000 for ages 66+

Product limitations for substandard policies:

- GUL Express is not available for a substandard Term Conversion. Term conversions with a rate up must be converted to a UL product which allows for a rate up (AccumUL Plus, AccumUL Answers, GUL/GULP)
- Whole Life Express will be available for a substandard Term Conversion below \$25,000. All substandard Term Conversions into a Whole Life Express will carry the same rate up percentage

Riders:

- Riders on the conversion policy must have already existed on the Term policy; we cannot add new riders at time of conversion
- The Disability Waiver of Premium rider is not guaranteed convertible. To convert this rider we will require a signed statement from client indicating client is not currently disabled and is currently performing the normal duties of his/her occupation
- Accidental Death Benefit and Children's Riders are guaranteed convertible if the rider is available on the new permanent product
- Other Insured Rider can be converted into a separate permanent policy at insured's current attained age
- Term Life Answers Other Insured Rider guidelines if Primary insured converts base coverage: 1) The Other Insured Rider can be converted into a separate permanent policy if other insured also meets conversion eligibility requirements, or 2) Other Insured Rider can continue as a term policy under a new policy number at original issue age at same rider premium plus policy fee

Workflow

All applications and required forms should be submitted to Mutual of Omaha home office in Blair, NE. All applications received and in process of underwriting will be reported on your pending status report found on Sales Professional Access.
